**SUMMARY STATEMENT OF INSURANCE RISKS FOR
THE UNIVERSITY OF TEXAS SYSTEM**

General Liability

The University of Texas at El Paso is self-insured for general liability and workers' compensation coverage under a self-managed program as authorized by the Texas Labor Code, Chapter 503.

It is the stated policy of the State of Texas not to acquire commercial general liability insurance for torts committed by employees of the state who are acting within the scope of their employment. Rather, Chapter 101 of the Civil Practice and Remedies Code states 'that a governmental unit in the state is liable for property damage, personal injury and death proximately caused by the wrongful act or omission or negligence of an employee acting within his scope of employment...' Liability of the state government under this chapter is limited to money damages in a maximum amount of \$250,000 for each person and \$500,000 for each single occurrence for bodily injury or death and \$100,000 for each single occurrence for injury to or destruction of property.
