WiSE QUESTIONNAIRE

Name: ___________________________________________________________

Major/Classification: ______________________________________________

E-mail address: ____________________________________________________

Why did you choose engineering or science as a major?

What information or experiences do you think would help young girls in their pursuit of careers in engineering or science?

How can WiSE help you in your career advancement and with your community in the future?

How many hours a month would you be willing to dedicate to WiSE?

Please take this filled questionnaire to the MIE office (Engineering 301).
Thank you for your interest in WiSE.

any question please contact:
